### CLOSING EXERCISES ROBERTSON COLLEGE

In Presence of Large Gathering, Scholarships Were Presented—Speakers Approved Operation of Denominational Colleges.

Owing to the cramped condition of the present building, the General Assembly of Robertson College in their temporary quarters its second annual closing exercises were held at the South Side Public Library. After the presentation of the prizes and scholarships, there was given an extra molar session taking a program of special follow-up work for the two-year-old college, higher educational institution, practice for the future, and vision of what Alberta Methodist College and visions of future development were the chief features of the meeting.

#### Sixty Winners Applauded.

A. M. McDonald, who acted as chairman of the program, gave a brief history of the college and its work for Robertson when as many attended its closing exercises.

Dr. G. A. Miller, the principal, read the announcement of the winners of prizes and scholarships. These were presented to the students for their success in their work.

For another session, the lodgings and board of students will be given to dwelling houses, and the enrollment will grow so that a new residence will have to be erected early next year.

Those making the presentation were Dr. G. A. Miller, Dr. D. G. MacLean, Dr. H. W. Davis, Superintendent, Dr. King, Dr. Wood, Rev. J. F. Dawson, Dr. McLean.

#### A Successful Finale.

The moderator of the General Assembly, Dr. G. D. McQueen, gave the students a talk on the importance of their work in making Alberta worth preserving. He said: "The time has come when we must take care of our country. Don't do it. Let the hand of Providence guide you from year to year." Then H. W. Davis, President of the Board of Education, and Dr. King, Dr. Wood, Rev. J. F. Dawson, Dr. McLean.

#### Prize For Principal.

Referring to the cooperation with the church, Mr. Miller reported the announcement made in yesterday's Bulletin. He cited the phenomenal addition to the student body in Montreal where four denominational colleges combined their indicated col-

leges were extended to the donors of prizes and scholarships and announced that Mrs. A. E. Evans had received a \$25 scholarship for next year.

The chairman regretted that there were not enough scholarships available to meet the demand, but more for the future. It was later announced that Mrs. A. E. Evans had offered a \$500 scholarship to the students among Robertson students next year.

#### Robertson College.

The annual meeting of the Robertson College Woman's Guild was held by Mrs. A. E. Evans. This guild was organized in 1911 and has contributed \$1,000 to the college. \$125 in cash contributed at the outset had allowed the college to be opened fully during the year.

#### SMOKER'S CONVENTION.

R. C. Carter, president of the South Side Smokers' Association, has circulated the following notice: "A smokers' convention will be held at the Conservative Club, 1000 White Avenue, at eight p.m., Wednesday evening, April 16th. Several good speakers will be present, and the opponents of the Sifton government cordially invited."

#### SOUTH SIDE LINES NOW UP.

Naturally in a growing community like ours a south side extension is a logical and natural population increase. The future will be determined by the number of those who are willing to contribute to the welfare of the city.

## MILITANCY IS LIKENED TO PLAGUES ON PHARAOH

**Annual Report of Suffragettes Shows Increase in Receipts of \$15,000—Hysterical Ghosts Over Property Destruction.**

London, April 8.—The Women's Social and Political Union, the organ of the militantes, in its annual report asserts that receipts for the past year increased \$15,000 over the previous year, and that there were 10,000 members. The report records in a triumphant manner the progress of militancy. It states that "the spirit that has been wrought, the extension of the size and vigor of the campaign, " has won the world over to the cause.

The report says, it is not the Liberal atom, but the whole parliamentary establishment, including the labor party, which is marked for persecution. What: "The parallel between Pharaoh and Mr. Lloyd George is evident in every way." The Royal government visited by militancy more and more dreadfully.

A member is paid to the main militantes for "showing fine comradehip and great courage." Home Secretary Macmillan is stated that his efforts in trying to bring about a truce, striking when they are ill and then resuscitating them until they are well again, their generosity will be an asset to him.

### Enquiry For Alfred Busch.

## DRAMATIC SUICIDE BY ANARCHIST BANDIT

Was All Round Athlete and Climbing Iron Ladie in the Upper Part of the Prison Laundry. With His Laundry and Finally Leapt into the Court Yard.

Paris, April 5.—Lacombe, the anarchist bandit, committed suicide in the Prison de la Santé under most dramatic circumstances, after his expressions mingled with an appeal for his mother on his lips. He was condemned to death by the committee of three judges of the Anarchist newspaper L'Idée Libre, and of murderer, several other people in prison.

Lacombe had been arrested in Paris on March 11th, after the police had taken him into custody for several months. When taken into custody it was found in his pockets were two revolver cartridges, two dynamite cartridges, two automatic pistol and a supply of ammunition.

mob Tried to Lynch Him.

The mob tried to lynch him while he was on the way to the police and he was known to be a criminal in the country and during his incarceration confessed to the murder of Drouet, admitted to the murder of a policeman and to the killing of a railroad employee at Les Aubrais near Orleans. A special guard was kept over him in jail and even though he was in solitary confinement he was closely watched.

This morning, while Lacombe was talking with his lawyer in the prison laundry, the prison guards stood a few yards off. Suddenly Lacombe, who was always a good talker, burst into a performance of feats of strength at country fairs, sprang forward and

grasped the lower rungs of an iron ladder leading to the upper part of the building. He had clambered past tier after tier of cells and had mounted round the wall to the roof before the guards reached him.

A dozen wardens passed through the prison and onto the roof by trap doors, but Lacombe had disappeared on three sides. He threatened to throw himself down and the guards hesitated to approach him.

Talks With His Lawyer.

A singular conversation then took place between M. Drieus, the examining magistrate, and the defending attorney, M. Boucheron, who had been telephone for Lacombe's lawyer, George Boucheron, on a balcony overlooking the part of the roof where Lacombe was standing.

Lacombe's lawyer called on Lacombe to surrender.

"It is too late," he replied firmly. "I have finished. I am a criminal and I must die."

It was at 10 o'clock when he was at the scene and shot the prosecutor in self-defense, but I am innocent," he said.

Lacombe then complained of the food provided for him and of the lack of heat in his cell. The prison authorities told him that the heat would see that better meals and more heat were provided.

"I began to beg when I was seven years old," he replied. "I tried to work but fate

hurried for me."

Hurrah for Anarchy.

Many friends and policemen meanwhile gathered on the roof of the prison, prepared to capture the anarchist, who was standing on the edge of the roof.

Two hours had passed since he climbed up and during this time he had eaten his meal and had his last meal, overhauling scruples of the heart.

M. Boucheron renewed his arguments to Lacombe to be reasonable, but the anarchist, glaring at a clock which was still running, retorted:

"I began to beg when I was seven years old," he replied. "I tried to work but fate

hurried for me."

He then dived to the stone court yard far below, where he dashed to pieces.

## LAZRRES & CO. TO BE TAKEN IN AS PARTNERS

Financial Reorganization of Canadian Northern Is Rumored in Montreal

### OTHER ENTERPRISES MAY BE INCLUDED

Mackenzie and Mann Cannot Longer Retain Undivided Hold on Common Stock

Montreal, April 7.—"Mackenzie and Mann are hard up." There is a rumor here that the two men who founded Mackenzie & Mann are almost ready to hand over a very important deal in connection with financial reorganization of the Canadian Northern Railway company, and that, when it is consummated, the great name of Lazrres will be connected with it in some way. Sir William Mackenzie and Sir Donald Mann in their transcontinental enterprises.

It is also reported that Sir William Mackenzie's enterprises in South America, Mexico, Winnipeg and Toronto are in a bad way. There is a general concern that he will be unable to provide more capital for the C. N. R. unless he gets a great sum. It is generally held that Mackenzie and Mann will be compelled for a great length of time to keep an undivided hold on the common stock of Canadian Northern, and that they will be invited to participate in what is now considered a going concern.

### DUB IT A DREAM OF THE GERMAN CHANCELLOR

Paris, April 7.—Chancellor Von Bethmann Hollweg's speech in the imperial parliament at Berlin is given great prominence in the Paris newspapers, great comment freely. While his views on international politics are approved, the papers deplore his attitude toward France, as lessening for a war of revenge, as depicted by the German chancellor, especially in view of the recent reawakening of the national spirit in France. The paper's attitude is due to Germany's policy in 1911, and a purely defensive sentiment.

## Opposition Will Resist the Closure Bill By Every Means

Bulletin Special.

Ottawa, April 7.—After four months of discussion on the naval question, the Borden Government tonight gave notice of the closure. The form is so drastic that it will have to be resisted by the Opposition by every means. The battleground is shifted from defense of Canadian self-respect to defense of free speech and Parliamentary privilege.

It is not likely that progress will be rapid towards the Borden-Rogers ideal of a gauged and bound Parliament, whose only duty is to register the will of the government without asking troublesome questions.

In resuming the naval debate today, Mr. Borden said the bill was not a permanent policy. Canada would build and own the ships and control them at will. He asked that a date be fixed for the vote. Sir Wilfrid declined to fix a date. The discussion had not been longer than the nature and importance of the subject warranted. As phases of the question were fully developed which called for further consideration. The difference between the government and Opposition on the naval question was fundamental, and could not be compromised. The only final settlement must be by appeal to the country.

The discussion was carried on by Hon. Wm. Pugsley, Hon. R. Rogers and E. M. MacDonald. The notice of closure was given at the close of the sitting to be considered on Wednesday.

## ENGLAND IS NOT THE ONLY MONEY LENDER

### PARTY WILL ENDEAVOR TO SCALE MT. ROBINSON

Montreal, April 8.—Sir Lomer Gouin, Premier of Quebec, arrived in London today after a three months' visit to Europe. Sir Lomer says he is impressed with the growing amount of interest shown by English financiers in Canadian operations, although he is confident that Canada will continue to occupy a favorable position in the London market.

Sir Lomer met President Poincaré when in Paris.

Mr. Wheeler, president of the club where Sir Lomer met President Poincaré, said when asked for his views on the new tariff proposals, that the mitigation of American pressure on lumber would prove decidedly advantageous to Quebec.

Mr. and Mrs. Gouin will sail for home Friday, April 13.

### M'KENZIE'S ENTRIES LOOK LIKE WINNERS

List of Probable Starters in Big Circuit Shows Some Good Canadian Entries.

The list of probable stake trotters that will be seen in action this season discloses the names of several Canadian horses that are greatly interested in The Harness (Lt. J. Mackenzie), Jim Todd (Miss K. L. Williams), and the M. and M., in the stable of Ed Geer. Mr. Jones having bought him for \$1,000.

Thomas V. Murphy's mare, Tally Woodford, that a few weeks after she started from the park, ran a half mile in a stake was evidenced by an October trial in 2.66 1/4. On another occasion, to test his horse, Mr. Jones had him run a quarter of a mile in one minute, the second quarter in 23 1/2 seconds. Barney Gibbs, who is in the stable of Ed Geer, Mr. Jones having bought him for \$1,000.

The harness was trained by Harris Jones for Lt. Mackenzie, and did not show up a mile in 2.68 1/4. It is now at Pleasanton, Cal., and did not race up to his mark. He is now in the hands of his new trainer, Charles DeMeyer.

Mr. Mackenzie, however, has no objection to the horse running in Crossley, that local horsemens think well of, and many believe it is better showing than The Harness.

Crescent is in Nat. Soc.'s stable at Pleasanton, and is to be shipped to a man in Alberta in April.

Jim Todd is a product of Miss Willis's Cradleton farm in Cal., and was a yearling when he was turned over as having been a starter in the 2.39 trial at the Canadian national harness meet in 1911. He is now a three-year-old, and while he did not lead near the top of the summary of his trials, he has won a number of the heats in 1.83, a most creditable showing considering he had but 100 training.

Tommy Van Geld was raced in harness by the Cleveland amateur horsemen, George A. Burke, and his syndicate of Cleveland horsemen leased him for racing on the midwest circuit. He has been a success in the hands of that expert trainer, Tom W. Andrews.

Peter Scott's race will be watched with interest by horsemen on this side who were familiar with his son, Jeanne Scott, 2.14 1/2, by Bryson, 2.15, a son of the famous Bryson, at Caledonia, and that raced on the half-mile tracks a number of years ago.

Peter Scott, only a four-year-old, has to his credit a mile in 2.14 1/2, run in a race last year that took good enough to become a Bidenian. Father Peter Scott, Rev. Dr. Peter Scott, who is the six-year-old gelding Barney Gibbs, had

McGraw Denies Statement That the Indian is a "Lemon."

There is no truth in the report that Manager McGraw would release the Indians right after the Indians' trip of the pants, say from \$1,000 and ship him to the Toronto club. McGraw declares Thorpe will remain to be the Indians' manager as long as he is a factor on the team and will continue as such this year and possibly for several years to come. McGraw has been informed of the false reports that have been published about Thorpe's ability as a ball player, and wishes to assure the Indians' fans and the baseball public the country over to be posted on how he stands in the estimation of the Indians' manager. Says McGraw: "I like his action, his ambition and intent. He has shown me that he can make me feel confident that he will become what I expect of him as a ball player." He can live with me at the price I am asking," he said.

Calgary, April 8.—Jim Flynn vs. Arthur Peiky, 15 rounds, appears to be the next big boxing card for the local fans. Tommy Burns last night wired the Pueblo Fireman to come to town here on Friday night, April 25th, or Wednesday night, April 30th, and it is believed that Flynn will accept.

Burns plans a "white hope" elimination series of his own. He proposes to make the Pueblo Fireman vs. Peiky bout with either William or Gunboat Smith, and the winner of that will meet with Luther McCarrick, and will himself meet the winner of that match.

Couldn't Get Pal Brown.

This had the wires hung for two days, but Pal Brown, the top fighter for the end of the month, he wanted Pal Brown to box Mickey McGuire, but Pal is laid up in St. Josephs. Also, Harry Hines, who is by a street car, and will not be able to meet again for over a month, and then is unable to get into Mandan in Butte.

Jack White, famous boxer, top light-weight, wired in for a bout, and Tommy next tried to get a bout with Dick Hyman. Dick had two previous contracts, one to box Sealer on the Coast. No other good boy was available for White. Tommy then got in touch with Mike McIntry, but could get no reply from the Indianapolis boxer.

He turned his attention to the heavyweights and decided that Jim Flynn would put up a good bout with Peiky if he could find an arena to do it. Curley, the brewer, agreed. An answer from Curley is expected by morning.

Twenty Players Were Out and Blue and White Will Have Strong Team.

The Callies had their first practice on Saturday afternoon, with twenty players on the field, twelve of these being last year's men, and the other eight being boys who have joined since the close of last season. Of last year's team, all showed fine form and were in excellent condition, and were able to step right into the game to defend the Blue and White colors against the visiting team. Some of the new players that were down on Saturday showed up well and will have the tendency to do so.

Owing to the old exhibition grounds being flooded, the practice was held on the new field, which is a great improvement. The boys kicked the pigskin around for one hour and a half.
